Update

Korellis Roofing has repaired the problem that caused the roof to leak in our Church. We are now in the process of getting bids to fix the interior damage. So for now, the pews will remain closed off. As you can see, we need to secure the area in case of falling plaster. Hopefully, we will have some more information concerning this matter in the near future. As always, we thank you for your patience and understanding as we work to correct this situation.
